begin

In the beginning,
fun was included in classwork

but now most of it comes
sandwiched between.

Administrative decisions
affect the students;
and students, as a unit,
affect them.

Our surroundings give us a feeling
of old beginnings.

Students take time to relax
outdoors, in classrooms,

and administrators take time
with students.

STUDENT CENTER

Another dime night . . .

another trip to Kansas City . . .

another quiet moment
with a new friend

or a quiet moment alone.

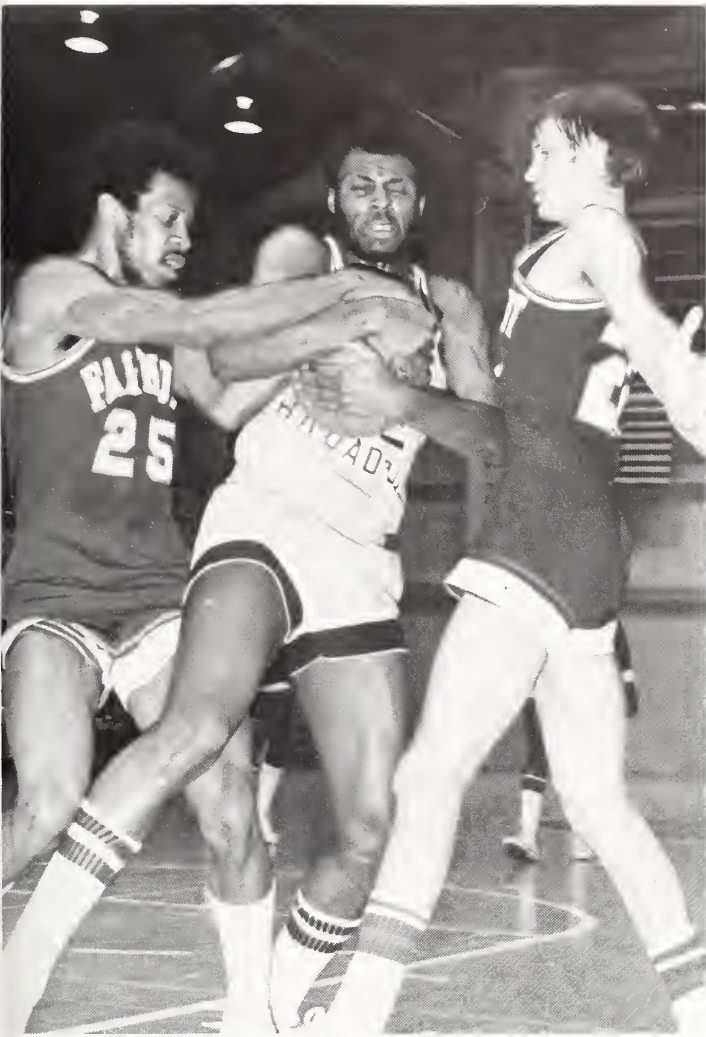

Building nature into a friend
...
anticipating a dream of
spring;

in dorm rooms, classrooms, the gym . . .

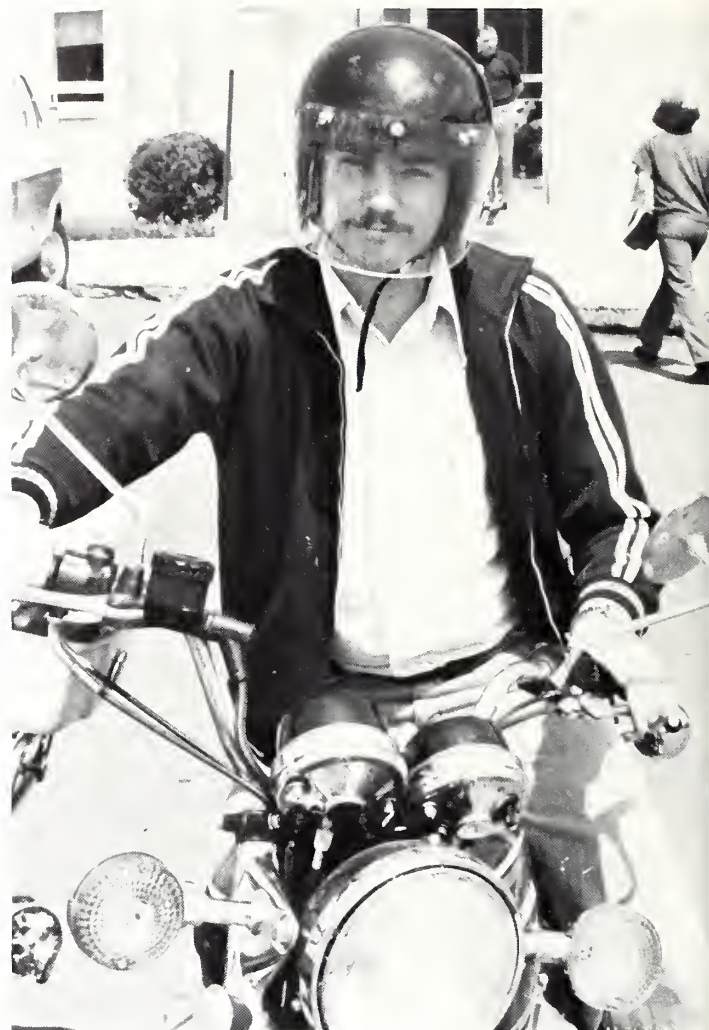

in competition . . .

in our thoughts;

in the Nickel or at Valley Falls . . .

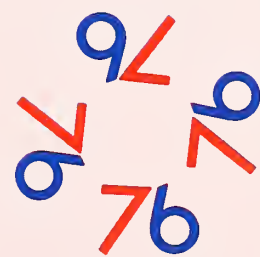

the picture stops us
with a blur

because we begin.

government
makes decisions

The Student Government at FSC makes decisions concerning student activities and special events. President Steve Straight passed the gavel to Reggie Hawver following a year of decision-making and numerous activities planned and sponsored by the elected council.

homecoming 1975: a bicentennial salute

Homecoming '75 began with a parade through downtown Fairmont. All organizations who sponsored a queen candidate entered a unit in the parade. A thuse in midcity parking lot was held immediately after the parade. The highlight of the homecoming activities was the 34-6 win over Glenville. A new method of selecting the homecoming queen was used this year. All queen candidates selected a wrapped rose during the half-time show of the game. The holder of the white rose, Patty DeAngelo, was crowned queen. Knuckle performed at the Homecoming Ball.

students have a
choice of living
in a dorm . . .

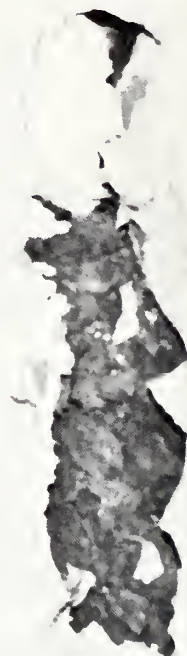

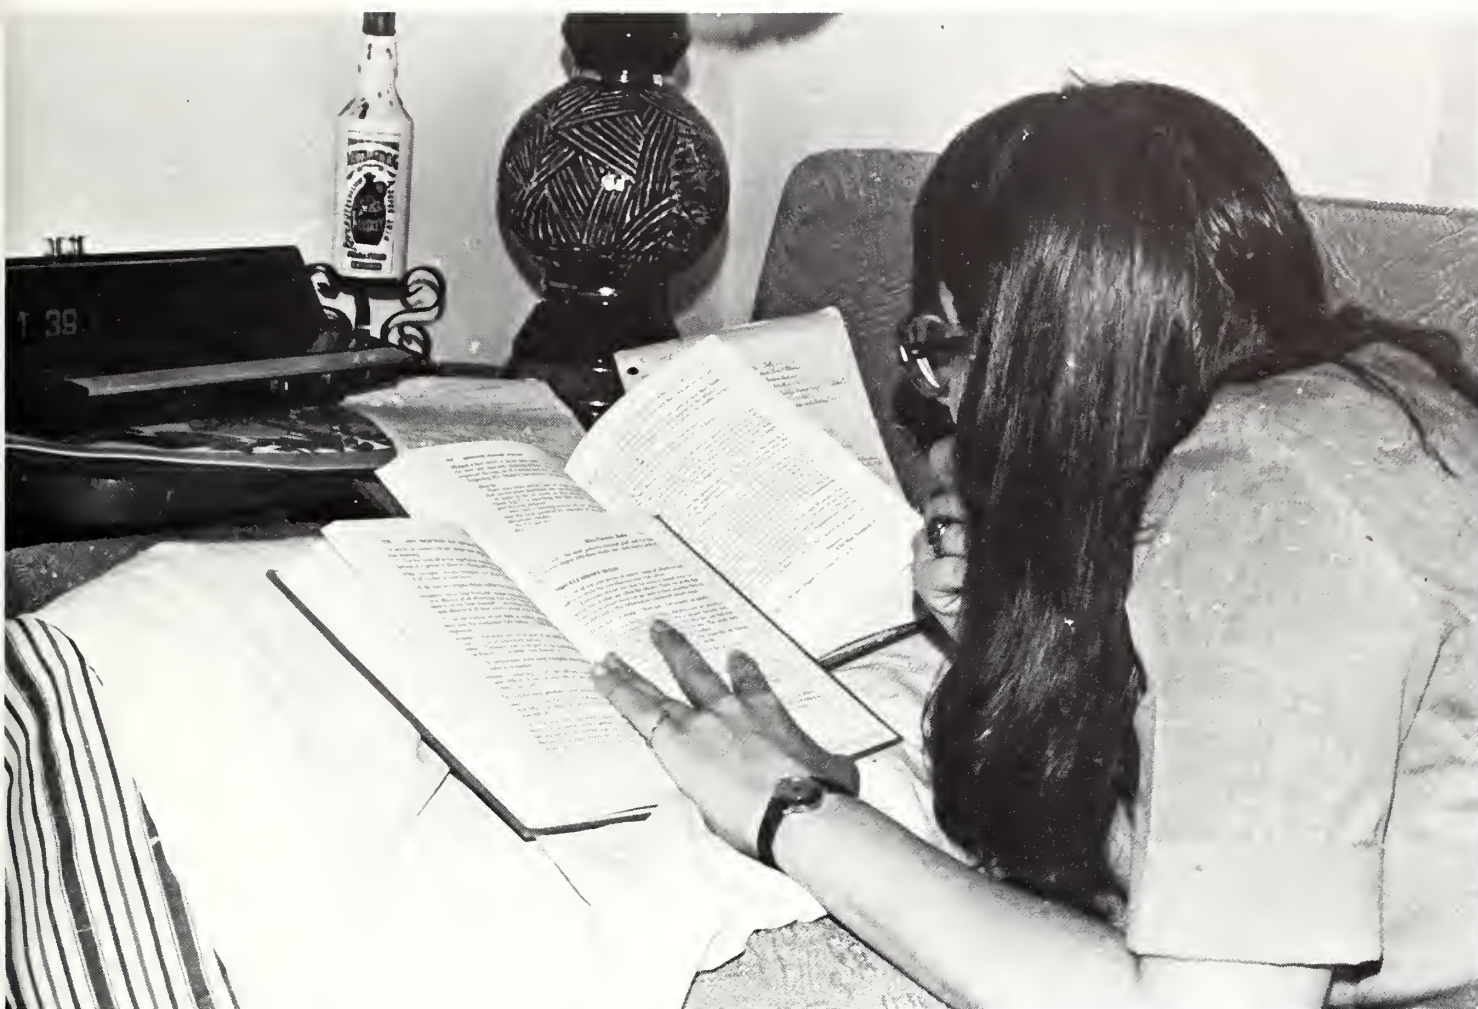

Where there is love,
there is peace.
Where there is peace,
there is GOD.
Where there is GOD,
there is no war.

We are students;
where we end is
where we begin.

It has been at the same time both a good and a bad year. There were a few happy times, and then there were those times that every editor goes through. But the book is finished. For this year, at least.

Our staff was not a large one, by any means, and that made things rather difficult. But we did what we could and we don't apologize for our efforts to produce this publication. This book is mostly a compromise between what we wanted and what we had to work with.

You will have to decide for yourself what you think of the 1976 Mound; we cannot decide for you. I will admit my bias, as I am sure the other staff members will, but that doesn't necessarily mean towards. If given the chance, I'm sure that there are many things we would change.

And yes, Mom and Dad, I can get back to school and back to "important" work. The fun and games are over. They're all over now. It's over. Thank God and thank J. E. Short, Krista Anderson and Rondy O'Field.
